After the story

Lulu the Little Wolf of Moonlight Forest

Talk about it together

1. Why was Tori scared of Lulu at first?
2. How did Lulu and Tori become friends?
3. Is there a friend who felt strange to you at first and is close to you now?

Try it together

☆ Look for the moon out the window. Is it round tonight, or a thin slice? Look again tomorrow night and see whether it has changed.

☆ Play “lost bunny”: one of you is lost, and the other gives directions using things in the room, like “walk to the sofa, then turn at the lamp.”

A fork in the story
