Little Otter Pong and the Winter Night Sounds

Free to print for home and classroom use.

 Name _____ Date _____

After the story

Little Otter Pong and the Winter Night Sounds

Talk about it together

1. What did Pong do when he heard a scary sound?
2. Why weren't the sounds scary anymore once Pong knew what they were?
3. What sounds can we hear at night in our home? Shall we turn off the light and listen together?

Try it together

☆ Turn off the light, lie still together and listen. How many sounds can you hear? Guess what each one is, then go and check.

☆ Before bed, put a cup of water in the freezer, and take it out together in the morning. What happened to the water?

A fork in the story

Which sound should Pong follow?

☐ Follow the crunch-crunch

☐ Follow the snore-snore

Draw the path you chose.
