After the story

Beepy the Little Robot Finds the Colors

Talk about it together

1. How did the story describe red, green and blue?
2. Beepy shared the colors. Why didn't they run out?
3. What is your favorite color? How does it feel?

Try it together

☆ Go on a color hunt: find something red, something green and something blue in the room, then again on your next walk.

☆ Mix paints or crayons. What new color do red and blue make? And red and green?

A fork in the story

Where should Beepy go?

☐ Go to the green pond

☐ Fly up to the blue sky

Draw the path you chose.
