Name _____

Color in Popo!

Popo the Blue Whale Cleans the Sea

Free to print for home and classroom use.

 Name _____ Date _____

After the story

Popo the Blue Whale Cleans the Sea

Talk about it together

1. Who gets hurt when there is trash in the sea?
2. What if Popo had tried to clean up all alone?
3. What is one thing we could do today?

Try it together

☆ On your next walk, bring a bag and gloves and pick up three pieces of litter together, counting them out loud.

☆ Sort today's recycling with your child: plastic here, paper there. Which of these could reach the sea if the wind blew it away?

A fork in the story

Which way would you choose?

☐ Call all the sea friends

☐ Ask the seagull to tell the beach

Draw the path you chose.

Free to print for home and classroom use.
